FEBRUARY 2024

Our School Vision

Future-Ready Learners, Leaders of Character

Our School Mission

Nurturing Every Child in a Vibrant and Caring Environment where Talents Blossom

Singapore marks Total Defence Day on Feb 15 every year. It is the date Singapore fell to the Japanese in 1942. 2024 also marks 40 years of Total Defence (TD40) in Singapore.

An island-wide Total Defence exercise will be held in February to increase Singaporeans' readiness for crises and disruptions. This is among several events to commemorate the 40th anniversary of Total Defence in 2024. Over a two-week period from Feb 15 to 29, community facilities, government, and commercial buildings, as well as attractions, will run simulated disruptions. These include shutting power to air conditioners, escalators, and lifts, as well as closing toilets and reducing food options available at canteens and pantries. All schools will simulate food, water or electricity disruptions on Feb 15 or Feb 16.

As part of our commemoration of TD40 this year, **JYPS students will experience a food disruption simulation in school on 15 February 2024.** This TD40 Exercise aims to prepare students for potential disruptions to our food supply chain due to climate change, protectionism, or geopolitical tensions etc., given Singapore's reliance on food imports.

Please note that the canteen will not serve any form of meat (e.g., chicken, fish, pork, beef, mutton, and seafood) on that day to encourage students to be flexible in food choices and be open to protein alternatives in the event of such disruptions. Following the exercise, students will reflect on their experience and share their thoughts and feelings with their classmates through a guided discussion.

- Not to park indiscriminately along public roads especially near bus stops and junctions during school dismissal times; and

We hope that our roads will continue to be safe for all users.

NURTURING HEALTHY HABITS IN THE DIGITAL AGE

Safer Internet Day is an annual global initiative which aims to promote safer and more responsible use of online technology and mobile devices among children and young people.

This year, Safer Internet Day falls on 6 February 2024, with the theme “Nurturing Healthy Habits in the Digital Age”. In line with this theme, the school has planned for recess activities that emphasise the importance of maintaining a healthy balance of online and offline activities in lives.

The school will also be encouraging students to **commit** to having a screen-free weekend by committing to one of the following screen-free options:

- ✓ Not engaging in recreational screen time
- ✓ Not using mobile devices
- ✓ Not playing video games

Students should then replace the time they would have spent on digital devices with an offline activity such as taking part in:

- ✓ outdoor activities (e.g., cycling)
- ✓ a family activity (e.g., playing board games and cooking)

We would like to encourage you to support your child in this challenge and extend the invitation to the entire family.

We look forward to your support in the holistic development of your child in the digital era. Together, let us guide them towards being digitally resilient and mindful of their own wellbeing when using technology.

HAVE YOU ONBOARDED PARENTS GATEWAY?

MAINTAINING PERSONAL HYGIENE FOR A SAFE & HEALTHY SCHOOL

Please encourage your child/ward to stay healthy by maintaining the following hygiene practices:

- Practise frequent hand washing with soap (e.g., before handling food or eating, after going to the toilet, or when hands are dirtied by respiratory secretions after coughing or sneezing).
- Refrain from touching face and cover mouth with a tissue paper when coughing or sneezing and dispose the used tissue paper in the rubbish bin immediately.
- Wipe down their class desks and the canteen tables after use.
- Seek medical attention promptly if your child is unwell.
- Rest at home until your child/ward is certified medically fit to return to school.

Let's continue to keep our school a safe environment for all.

FAMILY SUPPORT PROGRAMME (FSP)

The Methodist Welfare Services (MWS) Family Support Programme is an upstream programme designed to guide parents with pre-teens and teens.
